Besonderer Dank sei an dieser Stelle wieder Herrn Yasuhiko Sakuma ausgesprochen, der eine erste, vorläufige Fassung einer kritischen Durchsicht unterzog. Die Konkordanz von Herrn Prof. Silvin Košak (im Hethitologie-Portal Mainz sub [www.hethiter.net](http://www.hethiter.net)) wurde bei der Vorbereitung in der Version 1.0 herangezogen. Ihr verdankt der Band mehr, als durch gelegentliche Bemerkungen deutlich wird. Grundsätzlich wären die Angaben zu jedem einzelnen Texte zu vergleichen.

<sup>74</sup> Die in Einzelheiten abweichende Ergänzung bei A. Ünal, *Ḫantitaššu*, p. 63, ist wenig wahrscheinlich, da König und Königin als Ritualherren auftreten, nicht ein privater EN.SISKUR, weiterhin der Raum für die Textverteilung äußerst ungleich ausgelastet ist.

## Dresdner Beiträge zur Hethitologie

Herausgegeben von Johann Tischler

Band 16:  
 Hanna Roszkowska-Mutschler

### Hethitische Texte in Transkription: KBo 45

2005. XIII, 361 Seiten, 1 Abb., br  
 ISBN 3-447-05192-2  
 € 34,- (D) / sFr 59,-

Der Band enthält die Transkription von KBo 45 sowie 288 Tafelfragmente, die aus dem sogenannten „Haus am Hang“ und dessen unmittelbarer Umgebung stammen. Inhaltlich überwiegen Festbeschreibungen, v. a. neue Fragmente zum AN.TAH.SUM-Fest, zum nuntarrijasha-Fest, zum KI.LAM-Fest, zum hisuwa-Fest sowie zu Frühlings- und Monatsfesten. Dazu kommen zahlreiche Bruchstücke von Beschwörungsritualen und Ritualen mit babylonischen, luwischen und hurritischen Passagen. Nur eine kleine Zahl der Funde ist historischen Inhalts.

### Hittite Exercise Book

English Version by Esther-Miriam Wagner  
 2005. VIII, 309 pages, pb  
 ISBN 3-447-05206-6  
 € 29,- (D) / sFr 51,-

Hitherto, a practical exercise book has not been at our disposal for Hittite classes, as Friedrich's indispensable *Elementarbuch* is intended for reference rather than for systematic learning of the language. In view of the steadily growing importance of Hittite research within Indoeuropean and Oriental Studies, this presents a quite unsatisfactory situation. The present *Hittite exercise book* emerged from academic practice and is first and foremost designed to serve didactic purposes. Each chapter concentrates on one area of grammar, which can be practised in the following exercises. This means that, in the course of translation, some grammatical features have to be anticipated that are described only in subsequent paragraphs. To facilitate the handling of the exercise book, there is a tabular summary at the beginning of each chapter for quick reference. Additionally, all word forms are determined in the glossary. At the end of each paragraph, there are examples for further practice of the treated topic.
